

Level 3 Paediatric First Aid

Aims

The revised EYFS statutory framework will come in to force on 3rd April 2017. This framework is for all early years' providers in England including:

- Maintained schools
- Non-maintained schools
- Independent schools (including free schools and academies)
- All providers on the Early Years Register
- All providers registered with an early year's childminder agency.

All newly qualified entrants to the Early Years' workforce with a level 2 or 3 qualification must also have the full (2 day) 12 hour Paediatric First Aid certificate within 3 months of starting work.

At least one person who has a current (2 day) 12 hour Paediatric First Aid certificate must be on the premises and available at all times when children are present, and must accompany children on outings.

This course is aimed primarily at those working in child-care settings, but will be useful for anyone caring for infants and children.

Course content

Unit 1: Paediatric Emergency First Aid

- Be able to assess an emergency situation and prioritise what action to take
- Help a baby or child who is unresponsive and breathing normally
- Help a baby or child who is unresponsive and not breathing normally
- Help a baby or child who is having a seizure
- Help a baby or child who is choking
- Help a baby or child who is bleeding
- Help a baby or child who is suffering from shock caused by severe blood loss (hypovolemic shock)

Unit 2: Managing Paediatric Illness and Injury

- Help a baby or child who is suffering from anaphylactic shock
- Help a baby or child who has had an electric shock
- Help a baby or child who has burns or scalds
