

# The Art of Brilliant Intervention

Tuesday 23 May 2017, 9:00am – 12:30pm, Ashmount School

This is an interactive workshop for school staff who would like to develop how they support pupils not making the progress they are capable of. While there are clear links to Pupil Premium provision, this workshop tackles the who, what and when regarding intervention in its widest sense in the school.

Delegates will leave with a wide range of new ideas and strategies that can be implemented in their schools.
